Autoworx Plus opens first-ever branch

Promising reliable and quality car care and repair at the best value, Autoworx Plus opened its first branch at the Phoenix gas station along West Service Road in Muntinlupa City on February 28, 2019.

The car-servicing shop aims to serve motorists as a one-stop automotive facility equipped to handle a whole range of car care needs. With dedicated service technicians trained and educated in reputable technical schools, Autoworx Plus offers light to medium car repairs and maintenance, such as oil change, engine tune-up, brake servicing, clutch and transmission servicing, under-chassis repair, suspension repair, wheel alignment, wheel balancing, tire rotation, bulb and light check-up, electrical servicing, vulcanizing, air condition repair, auto detailing, car body wash, and under-chassis wash.

The shop also provides a VIP experience to customers with its cozy and spacious lounge--an air-conditioned space offering several seats where customers can view their vehicle being serviced or browse the Internet while waiting.

“We want to provide motorists exceptional service and comfort with our range of outstanding car-servicing facilities. For further convenience, customers also enjoy easy access to complementing products and services found in the gas station and convenience store on-site,” Autoworx Plus Business Development Manager Chiqui Bagano said.

Aside from being conveniently located in a Phoenix gas station, Autoworx also offers automotive products, and is even equipped with its own FamilyMart outlet where customers may purchase food and drinks. Clients can also pay their bills, load, or credit card through the Possible digital payment device available at the FamilyMart counter.

Autoworx Plus was established in partnership with Michelin Tires, Denso, Motolite Battery, Bendix, Tire Asia, and Alabang Parts Center in providing new and high-quality car parts, tires and accessories, while service technicians training are provided by Don Bosco Technical Institute in Makati and Canlubang. Phoenix lubricants are also available for purchase at the shop.
